

Appliqué Flower Block

There is no fabric exchange for this block. You will create a block, turn it in to the Material Girls, and that enters you into the drawing for the complete set of blocks.

You will receive a 10x11 piece of cream or white fabric and the stencil for the flower.

Choose 2 Spring-looking fabrics, a bright color for the center of the flower, and a green for the leaves from your stash.

Trace the large flower onto one of the fabrics and cut it out. Do the same with the small flower, center, and the 3 leaves.

Place the large flower onto the white/cream fabric. Place the small flower on top of it, the center on top of that, and the 3 green leaves on the outer edge of the flower (2 leaves together and the third on the opposite side of the flower.)

Once you're happy with the placement, pin everything down.

Leaving the raw edges visible, applique the flower parts down.

Voila, your block is done!

Bring the block to the March or April meeting. We will hold the **Grand Drawing in April.**

Any questions? Call Robin Artura at 516-244-5581 or see Robin or Diana at the Material Girls table during the Guild meetings.

HAVE FUN!!!
