

Be Prepared!

When you're attending a workshop or class, be sure you bring everything you need. In addition to the instructor's supply list, you should also have:

- Your nametag
- Your machine, including all cords, foot pedal, and feet
- Extra bobbins and machine needles
- Thread
- Seam ripper
- Scissors
- Pins
- Rotary cutter, mat, and rulers
- A sweater, in case the room is chilly
- A pillow for your chair
- Water in a covered container (no other food or drinks, please!)
- Notebook, pen or pencil

What to leave at home:

- Perfume/cologne. Many are allergic to it and several fragrances in an enclosed room can be troublesome.
- Cares and worries – you're having FUN!!
